

EVANGELICAL LUTHERAN CHURCH IN AMERICA
CENTRAL AMERICA FLOODING

EVANGELICAL LUTHERAN CHURCH IN AMERICA
CENTRAL AMERICA FLOODING

OCTOBER 2011

www.elca.org/disaster

Heavy rains across Central America have caused rivers to overflow their banks, flooding cities, destroying highways and bridges, and steep hillsides have collapsed in mudslides. More than 500,000 people have been driven from their homes.

Timing of this disaster could not have been worse—coming right before harvest. With the catastrophic loss of so much of the crop, food shortages will occur in the coming weeks and months. Severe shortages of seed for next year’s planting are expected as well.

ELCA Disaster Response stands ready to respond in affected areas with our companion churches in the region. We are already at work—providing shelter, clean water and food for people displaced by the floods.

Your help is needed now to bring immediate relief and ongoing support to communities affected.

You can designate your gift for “Central America Flooding” or you can choose one of the four areas hit hardest—El Salvador, Guatemala, Honduras or Nicaragua to allocate your gift. All designations will be used in full—100 percent—to help disaster survivors clean up, rebuild and recover. Donations to the undesignated ELCA Disaster Response fund help immediately and effectively respond—where it is needed most. Because of your generous offerings of prayer and financial support, the ELCA walks alongside disaster survivors on the road to recovery. Thank you!

Yes, I want to help!
